

General Notes:

1. A professional engineer licensed in the state of Tennessee is required to provide a pavement section appropriate for each specific use and conditions.
2. Streets shall meet the standards as set forth in the latest version of the Tennessee Department of Transportation Roadway Design Guidelines.
3. Streets without curbs are permitted only in conservation subdivisions or along dedicated park space.

Notes:

Additional right-of-way may be required near intersections.  
 Elements of this typical section may be revised if approved by the City Engineer.
