Present were: Mr. Austin Brass
Mr. Glenn Harper
Mr. Randy McBroom
Mr. James Sloan

Absent was: Ms. Kara Williams

Others attending: Mr. Kevin McCarthy, Planning Associate II
Mr. Travis Neas, Chief Building Official
Ms. Sandra Richardson, Secretary
Ms. Melissa Sanders, Planning Associate I

APPROVAL OF MINUTES:

Mr. McBroom made the motion to approve the February minutes, with Mr. Harper seconding the motion. The motion passed with a vote of four to zero.

AGENDA ITEM #2

Case #ART-2022-0032

Request from Will Thomas to construct a self-storage facility at 2600 Trotwood Avenue.

Staff Recommendation:

Mr. Brass presented the Team with the details of the agenda item. This property is zoned commercial, it is a two story indoor self storage facility. It met the design criteria in regards to the use of material. The applicant did provide an updated rendering. The new renderings show the change of the stucco being removed.

Discussion and Motion:

Mr. Thomas was present to answer question. Discussion included brick, the position on the sides, only the front walls will be visible, retaining wall, draining of roof water, elevations, walkway, topography, exterior camera on the building,

the material will be brick all the way around, no gate, one will have to have a code to get in the building, security, electronic locking system, stucco, pattern, building plane changes on front and east sides, on the West side, consistency, trees on both sides, based on the zoning code, buffer requirement, dumpster enclosure screening does have to be brick, working on grades, positions of the door, modifications, buffer requirement, breaking the brick up, inspection, grades, front entrance signage, sides and back door changes. Mr. Sloan moved to approve with the modified elevations that substitute stucco A, for a separate brick, a different brick, as well as bringing out all the entry pieces that eight inches forward, so there is a brick and a plane and also having the back unit, all four elevations be the same brick fill, and dumpster enclosure same material elevation as the building. Mr. McBroom seconded the motion. Motion to approve passed four to zero.

AGENDA ITEM #3
Case #ART-2022-0040

Request for Exterior renovations of a commercial building at 97 N James Campbell, to include the removal of roll up doors to create a commercial storefront with glass doors and windows. Exterior renovations also include the addition of a landscaped courtyard.

Staff Recommendation:

Mr. Brass presented the Team with the details of the agenda item. The only change that is being proposed is the front elevations. They are proposing to remove a roll up style door, and replace that with windows, and with a storefront style door. They will be using the existing metal. The applicant did provide a site plan.

Discussion and Motion:

The applicant was not present to answer questions. Discussion included the team is not approving the site plan, dumpster, there are a lot of questions that need answering, painting is out of the board purview, changing outdoors, and from a material point of view they are not making changes. Further discussion included making sure the dumpster enclosure is of appropriate matching material, CMU block, masonry, parking places, paving, shared parking agreement, shared access, following parking ratio standards, code regulations, permits, asphalt parking, and parking. Mr. Sloan made the motion to approve with the condition that the dumpster enclosure is of
